Statement Foreign material

To Whom it may concern,

Spack BV implements many programs and controls that are designed to eliminate foreign materials that may be introduced into finished products from the raw materials used in the production process. We currently implement the following programs/practises and controls:

- GFSI-certified quality system
- Glass, brittle plastics and ceramics policy
- Packaging container inspections
- Closed production line
- Filters (100 micron)
- Jar/bottle inverter

If you have any question don't hesitate to contact us.

With kind regards,

Jim van Hassent
