

## Allergen Statement

January 11, 2021

To Whom It May Concern:

Adams Vegetable Oils Inc.'s refined, bleached and deodorized oils do not contain allergens according to Food Allergen Labeling And Consumer Protection Act of 2004, regarding fully refined oils derived from the major allergens. The table below represents the major allergens recognized.

Major Food Allergens in the US
Milk
Egg
Fish (e.g. bass, flounder, cod)
Crustacean Shellfish (e.g. shrimp, crab, lobster)
Tree Nuts (e.g. almonds, walnuts, pecans)
Peanuts
Wheat
Soybean

An Allergen Program is implemented to ensure contamination with finished products is eliminated, which includes the use of separate lines and hoses for transferring of crude and refined oils, use of designated storage tanks for crude oils and cleaning of storage tanks prior to storing new products. Employees undergo annual Allergen Training.

Should you have any questions, please feel free to contact me.

Regards,
