

**Attestation of compliance of NOP certified products to meet the US-Canada
Organic Equivalency Arrangement**

On June 17th 2009, the Canadian Organic office and the USDA entered into an agreement on the trade of organic products between Canada and the United States.

The agreement is subject to the following conditions:

NOP organic products exported to Canada certified by a USDA-accredited Certification Body	
1-	Agricultural products produced with the use of sodium nitrate shall not be sold or marketed as organic in Canada.
2-	Agricultural products produced by hydroponic or aeroponic production methods shall not be sold or marketed as organic in Canada
3-	Agricultural products derived from animals (with the exception of ruminants) must be produced according to livestock stocking rates as set out in CAN /CGSB32.310-2006 (amended October 2008).

I confirm that the following products certified according to the NOP, from the operator
Spack Trading BV [operator's name]
meet the above requirements.

List of products:

organic high oleic sunflower oil

Name of Certification Body: SKAL Biocontrole NL-Bio-01

Name of the Certification Officer or operator's name: J. v. Hassent
